Recurring trips (subscriptions)

If you travel to and from the same location on a regular basis, you may request a subscription. A subscription is a standing order for the same trip. Having a subscription means you do not have to call to make a reservation each time you want to make that trip. You may call (352) 754-4444 and a dispatcher will help verify your information. You must

renew subscriptions every two weeks, please allow two business days for the subscription to be processed and put in the system.

Please note: If you have a subscription trip and decide not to make that trip, please be sure to cancel with TheBus at least two hours in advance. If you fail to cancel trips you do not intend to make, your subscription is subject to cancellation. You then will be required to make a daily reservation.

Information needed to make reservation:

- Your name
- The address and ZIP code of your pick-up location.
- The address and ZIP code of your destination.
- If you will be traveling with a mobility device, such as a wheelchair or motorized scooter, or with a bicycle.
- To streamline the reservation process, it is recommended you pre-register. Providing your basic information allows staff to enter you into the **“Ride”** reservation system, making your reservation quick and easy. Think of the way you ride as having a bus stop at your location. TheBus will leave your curb at the estimated pick-up time you are given when you make your reservation.
